GENERAL ALPHABETICAL INDEX

A

Accounting

Accelerated depreciation not normal expense rules Maine PUC, July 16... 63
Depreciation rulings favorable, Oct. 15 ... 284
Kansas P&L all-in-one billing system. H. F. Schuster, Sept. 24... *26
Kansas P&L issued new fast depreciation order, Oct. 1... 164
Mass. DPU gives go-ahead for liberalized write-off, July 9... 181
Missouri-Ohio PSC rules on speeded depreciation (N) Sept. 3... 182
PCEA hears accounting talks, Dec. 17 32
Vermont PSC issues depreciation order, Aug. 6 ... 170
Wisconsin PSC issues normalized tax order July 30 ... 63

Advertising (see also **Public Relations**)

Beauty parlors—tomorrow's information centers (Ed), Sept. 10... 5
ECAP ad and the atom (N) July 23.. 82
NRECCA's Ellis hits utility ad expenses (N) Oct 22... *10
Public power groups eye utility advertising. V. C. Richter, July 9... 22
Union Electric launches 'impact' ad campaign (N) Sept. 10... *15

Air Conditioning

Crosley Field air conditions dugouts (N) Aug. 6... *124
Dual fixture provides illumination and air conditioning (N) Sept. 24... 59
Electric fan boosts beef gains, saves feed (N) July 9... 128
Emerson's new 15-in. air conditioner announced, July 26... 134
Humidity control gives added cooling Glydewell Burdick (tables) Sept. 17. 198
Industry sales of residential air conditioning equipment gains (N) July 9 124
New Jersey builder buys $¼ million 'perimeter' cooling units, July 26... 134
Package deal clears air in clothing plant. T. W. Scully, Dec. 24... *118
Room air conditioner sales up (N) Oct. 1 ... 58
Simplified definition urged for air conditioning's role (N) Sept 17... 202

Anniversaries

Illumination Engineering Society marks golden anniversary (N) Oct. 1 *53
IBEW quietly marks its 65th anniversary, Dec. 17... 62

Appliances

Appliance outlook: from good to better (N) Dec. 31... 9
Built-in vacuum cleaner introduced by Centralvac (N) Sept. 3... 164
Detroit city ordinance booms disposer sales, Oct. 22... *46
Dryers—1935 granddaddy of electric dryers (N) Sept. 17... *204
Dryers—what will high speed dryers do to utilities? July 30... 51
GE sets up minimum service standards for its appliance dealers (N) Oct. 1.. 157
How appliances will sell in next 10 years (table) Oct. 22... 51
Refrigerators—food radiation seen hypo for sales (N) July 2... 55
Refrigerators—survey finds color speeds obsolescence, July 2... 52
Sales booming (N) July 9... 71
Water system sales up but big market still exists (N) Oct. 1... 114

Area Development

Area development: a 'must' for industry progress (Ed) Sept. 3... 71
Area development—the fight for new business—report. H. R. Frankel, Sept. 3 ... *91-102
Arkansas P&L and other utilities join in plan to attract new industries to the state (N) Dec. 31... 51
Centralia, Mo.—aim: a 'blueprint for the future' (N) Sept. 10... 55
EEI Area Development Committee Third Annual Workshop—Vennard warns business-run power must be made more attractive (N) Nov. 5... 23
EEI Workshop to open in Minneapolis Oct. 3 for utility personnel (N) Sept. 17 ... 258
Wisconsin P&L Plymouth consumers agree to monthly charge to pay for industrial promotion (N) Dec. 31... 46

Associations

AEIC annual meeting—fast pace of engineering progress brought out Nov. 26... 74
AIEE conference on farm electrification Dec. 17 ... 31
AIEE Fall General Meeting, Oct 29.. *68
AIEE Summer General and Pacific meeting, July 23... *87
APPA blueprints industry atom plan (N) Dec. 31... *9
ASME annual meeting hears Eddystone unit criteria explained, Dec. 31 26
ASTM Los Angeles meeting hears savings on poles cited, Oct. 22... 20
Associations get aboard LBE, Aug. 6.. 128
Atomic Industrial Forum annual conference sees A-plant competing by 1980, Oct. 22 ... 31
Bituminous Coal Operators' Assn.—E. G. Fox appointed president (N) Sept. 3 ... 74
CEMA plans adequate wiring program (N) Oct. 22 ... *55
CIGRE revives dc transmission. J. H. M. Sykes, July 9... *72
Cold Cathode Association, Inc. formed (N) Oct. 15 ... 198
Conveyor Equipment Manufacturers Assn. elects officers (N) Dec. 24.... 146
EEI-AEIC Meter and Service Committees meeting told meter trends (N) Oct. 22 ... 45
EEI Area Development Committee Third Annual Workshop (N) Nov. 5 23
EEI Area Development Committee Workshop to open in Minneapolis Oct. 3 (N) Sept. 17... 258
EEI Electrical Equipment Committee meeting (N) Nov. 12 ... 243
EEI meeting—utility presidents meet to discuss atomic role (N) Sept. 17. 127
EEI's Ninth Annual Round Table Conference on labor to attack tomorrow's problems, Aug. 27... *55
EEI Ninth Annual Round Table Conference to be held (N) Aug. 13... *32
EEI offers street lighting slides (N) Nov. 12 ... *107
EEI President Kennedy reviews year's gains (N) Dec. 31 ... *10
EEI Statistical Committee compiles glossary of electric terms, Dec. 10.. 238
EEI's Transmission and Distribution Committee meeting (N) Nov. 19.... 31
EEI 20th Semiannual Electric Power Survey—December margin down to 15.5% (N) (charts & tables) Nov. 19 8
Engineering Center to be in New York (N) Nov. 26 ... 73
Enlarged N. Y. C. center proposed for engineers (N) July 23... 198
Fall meetings—Which will you attend? (Ed) Sept. 24... 5
Fifth World Power Conference—world power hinges on atom. J. H. M. Sykes, July 23 ... *83
Illumination Engineering Society marks golden anniversary (N) Oct. 1 *53
Indiana Electric Assn. 47th annual convention elects P. W. Ross president (N) Nov. 5 ... 32
International Association of Electrical Leagues 21st conference (N) Nov. 5. *30
Iowa Utilities Assn. ninth annual management conference (N) Nov. 19.. *51
Maryland Utilities Assn. meeting urges improved recruiting of engineers (N) Oct. 15 ... 271
NAED plans counter-attack on new methods of distribution (N) July 2.. 15
NARUC 68th annual convention (N) Aug. 27 ... *8
NCEA and EEI cooperate in program plans to teach contractors how to sell wiring (N) Oct. 15... 196
NEMA convention (N) Nov. 19... *10
NEMA elects new officers for 1956-57 Nov. 26 ... *174
National Conference on Standards (N) Nov. 5 ... 23
National Power Use Workshop Nov. 5 48
PCEA Administration Services Section meeting, Dec. 17... 32
PEA Annual Meeting, Oct 29... *67
PEA Electrical Equipment Committee meeting (N) Nov. 19... *20
PEA Meter meeting (N) Nov. 12... 242
PEA Prime Mover group Long Island Lighting Co.'s guests (N) Nov. 19... *32
PEA Relay Committee meeting, Nov. 26 ... *196
PEA'S Relay and Equipment Committees joint meeting discusses European practices, July 9 ... 176
Pennsylvania Electric Assn. Systems Operation Committee fall meeting (N) Nov. 5 ... 32
PEA T&D Committee meeting told needs in conductor testing (N) Dec. 3 ... 30
PIP Workshop to discuss atomic power, Sept. 3 ... 178
Power Distribution Conference at Austin, Texas (N) Dec. 3 ... *26
Power show—22nd National Exposition and Mechanical Engineering—stresses A-plant (N) Dec. 17... *58
Public Utilities Assn. of the Virginias meeting (N) Sept. 24... 51
RMFL annual convention Oct. 29... 158
Resistance Welding Alloy Assn. formed by manufacturers (N) July 9 ... 158
SEE Engineering and Operating Section Richmond, Va. conference, Oct. 22 ... *24
SEE Industrial Power Sales Committee meeting (N) Aug. 6 ... 68
SEE Sales Conference, Nov. 5... *49
Wisconsin Utilities Assn. convention (N) Nov. 19 ... *26

Atomic Energy (See **Nuclear Power**)
Atomic Energy Commission

Estimates cost of major reactor failure (N) Nov. 26... 189
Oak Ridge shares safety award (N) Sept. 10 ... 59
Okays Power Reactor Development Co. atom plant start (N) Aug. 13... 18
Pacts with EEI and OVEC okayed (N) Aug. 20 ... 212
Proposes change in restricted data use (N) Dec. 17 ... 48
Should Ike oust Strauss? V. C. Richter Aug. 6 ... 22
Slates reactor hearing (N) Oct. 15.... 118

Awards

Coffin, Reddy Kilowatt award winners (N) July 2 ... *32
How to win a Hughes Award—Kentucky Utilities Co. R. W. Wilson, Nov. 26 ... *134
Indianapolis P&L gets award for best 1955 annual report (N) Nov. 12.... *254

B

Belgium

Schelle power station burns heavy oil residues. Alfred Dufrasne, Dec. 31.. *48

Boilers

Eddystone Unit No. 1—once-through boiler to be used. E. M. Powell, Dec. 10 ... *111
Pacific G&E's Morro Bay plant first with sea water evaporators in U. S. Aug. 13 ... *43
Southwestern PS Carlsbad plant—boiler explosion on start-up (N) July 23 ... 204

Bonneville Power Administration

Early experience proves EHV design. R. F. Stevens, July 9 ... *94
Forecasts better Northwest outlook (N) (map) Dec. 3... 8
Testing 345-kv bundle design, July 9.. *88
Offers dump power to Washington state (N) Sept. 17... 262
600 Mva bank for new line (N) Aug. 27 *32
345-kv McNary-Ross line is energized (N) Oct. 8 ... *18

Buses

Blocking scheme protects bus Lentz & Dupuis, Nov. 12 ... *114
Magnesium-silicide-aluminum alloy developed for busbars (N) Oct. 8.... 56
Public Service E&G's Linden Station installing first 10,000-amp, self-cooled bus (N) Aug. 20... *190

Bushings

Adapter helps utilize interchangeable bushings. M. L. Furguson, Nov. 26. *116
Line Material Co. solves animal-outage problem (N) Dec. 24... 144

C

Cables

Aerial cable affords flexibility for Oklahoma City's 29 block system. C. H. Wyatt, Sept. 3... *80
Alaska telephone cable opened (N) Dec. 24 ... 147

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Aluminum sheath flexibility improved, Oct. 29 ..... *146
Can European practices extend cable art? (Ed) Oct. 8 5
Consumers Power Co. crew lays cable to island through ice on lake, Nov. 26 ..... *121
Cross bonding of shielding tape on 5-kv preassembled aerial cable (R) Dec. 10 ..... *138
Elevated block speeds manhole cable test at British Columbia Electric Co. Albert White, Oct. 29 ..... *111
England-France undersea link to be 150 Mw dc. J. H. M. Sykes, (map) Oct. 8 16
4-mile cables layed in 2½ hours across the Straits of Mackinac, Aug. 20... *122
5-kv preassembled aerial cable (R) Oct. 15 170
France-England plan for dc link okayed (N) Sept. 24 24
French-English connection will be patterned after Sweden's Gotland cable (N) Sept. 3 77
G & W designs 3/c pothead for 34-kv pipe-type cable (N) Nov. 12 228
How soon will there be another Atlantic cable? (N) Nov. 12 241
Jointing aluminum cable—AIEE Summer General and Pacific meeting, July 23 ..... *89
New construction ideas cut expansion costs—report. F. J. Kovalcik. Aug. 20 ..... *109
132-kv submarine cable connects Vancouver Island and mainland, Sept. 17 ..... *146
PILC cable joints sealed in short time. G. K. Mers (R) July 23 ..... *120
Precast form and cover speed cable relocation, Aug. 20 ..... *124
Sag and tension of 5-kv aerial cable, No. 6, 3, 1/0, 4/0 copper, 300 Mcm aluminum (R) (tables) Nov. 26..... 112
Shallow trenches cut cable installation costs. C. A. Cabral, July 23..... *124
Transatlantic telephone cable inaugurates service (N) Oct. 8 59
Trays reduce control, power cable costs at Jersey Central P&L Edwin H. Werner Station. J. E. Casey, Oct. 1 ..... *98
Treated asbestos arc-proofs manhole cables, July 23 ..... *113
230-kv pipe cable is first in U. S. W. K. Cave, July 9, ... *92
'Underground—a diamond jubilee (N) Nov 26 ..... *73
Using cable to connect primary conductors to transformers below secondary circuit (R) Nov. 12..... *146
Utilities disclose high-voltage cable practices—EEI's T&D Committee meeting (N) Nov. 19..... 31
Vancouver cable being laid (N) Aug. 6 67
Where Europe stands in cable art. R. J. Wiseman, Oct. 8..... 26
Wisconsin Electric Power 'pipes' power under river (N) Dec. 31..... *56

Canada

BC Electric spans Jervis Inlet via barge (map) Oct. 8..... *48
B. C. Power Comm. erecting gas turbine plant to aid hydro on Vancouver Island (N) July 30..... 9
British Columbia Power Comm. surveys Homathko River (N) July 2.. 63
B. C. surveyors to find site for Mica Creek Dam (N) Sept. 3..... 171
Cross suspension system supports 300-kv Kitimat transmission line. H. B. White, Dec. 24..... *80
Kitimat loses water head (N) July 9. 71
132-kv submarine cable connects Vancouver Island and mainland, Sept. 17 ..... *146
Saskatchewan Power doubles aerial patrol (N) Sept. 17.. 129

Capacitors

Calculation of loss reduction by capacitors. V. J. Farmer (R) Oct. 29.... 100
Capacitor inrush currents obtained faster. H. C. Stone (charts & tables) July 9 107
Capacitor shell converted to 138-kv bushing. Goodwin & Cravens, Nov. 26 ..... *114
Capacitors on pole conserve time, substation space. A. H. Thiermann, Aug. 6 ..... *117
Capacitors on welders end power factor problem. C. D. Anderson, Sept. 3..*130
Oil well pump capacitors pay their way. R. K. Owen, Dec. 10..... *152
Rebuilding coupling capacitors saves. E. W. Meador & others, Aug. 20.. 140

Capacity Additions

Changes in capacity reported to FPC (tables). July 23-204, Aug. 20-208, Oct. 22-45, Nov. 12-109, Nov. 26..... 189
Consumers Power Co. Cobb unit goes on line (N) Sept. 17..... 128
Detroit Edison's River Rouge plant Unit No. 3—low heat rate for 320-Mw unit. W. L. Wingert, Dec. 3..... *40
Electric industry forecast 1956-1970 Mossiman & Stegeman (charts & tables) Sept. 17 149
Why American G&E picked 450-Mw 3,500-psi unit for Breed Plant Philip Sporn, Dec. 24..... *74

Circuit Breakers

Contact tests on circuit breakers aid maintenance. R. W. Pfeiffer, Sept. 3 ..... *116
Federal Pacific's 1000th oil circuit breaker to be installed at PG&E's Poe Powerhouse (N) July 16..... *59
I-T-E starts mobile exhibit rolling on U. S. tour (N) July 30..... *55
Old circuit breakers replace motorized air switches at Westeyville sub-station. J. A. Selvaggi, Sept. 17.*189
Revamp breakers for heavier duty Bonine & Sellers, July 9..... 76

Communications

Alaska telephone cable opened (N) Dec. 24 147
Chance Co. radio speeds materials handling in plant (N) Dec. 3..... 89
Los Angeles Department of Water & Power to have RCA microwave system (N) Nov 26 170
Ohio Power sets up immediate makeshift communications when telephone service is halted (N) Oct. 1.. 58
RCA will build microwave link for Pacific Gas & Electric (N) Nov. 5.. 56
A test that should alert the industry (Ed) Dec. 24 67

Conductors

Aluminum rod for conductors rolled under "quality control" process at Southern Electrical Corp., Oct 1....*138
BPA testing 345-kv bundle design, July 9 ..... *88
Formulas for transmission line constants of bundled conductors Lloyd & DeSalvo (R) July 9..... 106
Liquid-cooled conductors highlighted in CEI Eastlake plant addition (N) Aug. 20 210
PEA told needs in conductor testing (N) Dec. 3 30
Public Service Co. of Colorado tests EHV design at high altitudes. L. M. Robertson, July 9 ..... *90
Tool eases hot-line connection to aluminum conductors at Southwestern Gas & Electric. C. E. Cook, Oct. 29 ..... *93

Connectors

Burndy Corp. changes name to Burndy Engineering Co. (N) Oct. 29..... 149
Burndy factory-fills clamp connector with compound (N) July 30..... *56
Octagonal connector, new tool added by Fargo Co. (N) Aug. 13..... 59

Construction

Construction today: a revolution in methods (Ed) Aug. 20 93
New construction ideas cut expansion costs—report. F. J. Kovalcik, Aug. 20 ..... *109

Controls

Controller for stress relieving saves space at Kingston plant of TVA. Dec. 24..... *114
Disconnect switches controlled remotely. E. T. Fischer, Oct. 15..... *163
Establish parameters for load control AIEE Summer General and Pacific meeting, July 23..... *91
Governor response adjusted quickly. W. F. Bloom (charts) Dec. 24..... 103
Humidity control gives added cooling. Clydewell Burdick (tables) Sept. 17 198
Revisions aid coal tripper operation. John Wootchie Sr., Dec. 10..... *142

Cooperatives (see also **Rural Electrification Administration**)

Arkansas PSC halts construction of Southwestern GE line into territory served by Ozarks Co-op (N) Sept. 10 10
Arkansas REA and Southwestern G&E "spite line" controversy settled (N) Sept. 24 15
Caddo Electric Co-op stamp plan builds load (N) Sept. 3..... 138
Mississippi co-ops plan statewide system (map) Nov. 26..... 69
North Carolina co-ops study generation (N) Oct. 8..... 10
Removal of 10% surcharge saves co-op members $27,000, July 16..... 63
Rural co-ops lose crusade appeal. V. C. Richter, Oct. 15..... 22
Shoshone River Power Inc. members vote against selling its facilities to Pacific P&L (N) Oct. 15..... 286

Corporate Changes

American Transformer reorganized, resumes production (N) Oct..... 140
Cornell-Dubilier acquires stock of Tobe Deutschmann (N) Nov 12..... 230
Electrical Mfg. Co. buys Oliver's Pole Line Div. (N) July 16..... 56
Georgia Power Co. to purchase Georgia P&L (N) Oct. 22..... 10
I-T-E acquires stock of Kelman Electric & Mfg. (N) Aug. 6..... 154
McGraw-Electric Co. plans merger with Thomas A. Edison, Inc. (N) Oct. 22 55
Olin Revere formed to produce aluminum (N) Sept. 17..... 270
Porter, H. K. Co. purchases Electric Service Mfg. Co. (N) Aug. 6..... 156
Skyworker Corp. formed, acquired by Emhart Mfg. (N) Sept. 3..... 160

D

Defense

Evaluate catastrophe plans for civil defense (Ed) July 23..... 71
Oklahoma G&E holds atomic drill. W. B. Gesell, July 23..... *84

Diesel Power

Portable diesel set supports rural system, Dec. 10..... *127

Distribution

Aerial cable and tree wire help lick tough tree problems. Dean & Ewald, Aug. 6 ..... *80
Air-photo overlay estimates acreage at Appalachian Electric Power. Vaughan & Naff, Oct. 1..... *93
Apply hot line compression splices on ACSR. U. G. Anderson, Dec. 10....*131
Are present methods of calculating service demands adequate? Reeves & DeFoe (tables) Oct. 15..... 139
Assembly-line methods bury cable in 1/6 the time. R. K. Woodson, Oct. 29 ..... *78
Better customer service was goal—year-end review and predictions for 1957. L. M. Olmsted, Dec. 24..... 94
Cable gets primaries thru trees for CEI. F. W. Carroll, Aug. 6..... *83
Calculating alternate source voltage drop faster. Fairfield & Melton, Dec. 10 133
Capacitor inrush currents obtained faster. H. C. Stone (charts & tables) July 9 107
Chart gives voltage drop and regulation at varied loads on distribution transformer. R. W. Schlie (R) Sept. 3 114
Chicago apartment buildings convert to 460 v. McShane & Hughes, Dec. 3 ..... *48
Commonwealth Edison trains crews for tree work. A. B. Larsen, Aug. 6. *78
Consumers Power Co. crew lays cable to island through ice on lake, Nov. 26 ..... *121
Coordinated distribution line design minimizes exposure to trees. M. S. Watson, Aug. 6 ..... *86
Cross bonding of shielding tape on 5-kv preassembled aerial cable (R) Dec. 10 ..... *138
Distribution design cuts tree trouble—report. L. M. Olmsted, Aug. 6..... *73
Distribution voltages clarified. H. M. Jalonack (table) Dec. 17..... 44
Duquesne Light's 4.16 kv with unit subs serves Pittsburgh shopping centers. R. R. West, July 9..... *78
Electric industry forecast 1956-1970. Mossiman & Stegeman (charts & tables) Sept. 17..... 149
Florida P&L uses short bucket boom to speed lamp changing. H. L. Allen, Oct. 29..... *78
Fusing street light relays saves $600 yearly at Seattle City Light. M. J. Chamberlain, Oct. 29..... *80
Ground fabrication proves economical at American G&E. D. G. Fritz, Nov. 12 149
Ground wire change cuts interference, Oct. 29 ..... *104
Hot-line tap maintenance cut with simple brass. David Cochran, Dec. 24 ..... *106
How to cut tomorrow's costs—report. David Rea, Oct. 29..... *77
Individual metering is favored. EW survey of shopping center distribution practices shows, July 9..... *101
Kansas City Power & Light power auger installs light posts cheaper. R. K. Woodson, Oct. 15..... 169
Kansas City P&L's special truck protects splicers, speeds work. R. K. Woodson, Oct. 29..... *81
Kentucky Power Co. computes transformer loading from customers' kwhr use. O. O. Henderson, Oct. 29 72
Line-throwing gun speeds flood restoration at Connecticut L&P, July 23.*118
Mechanical sod cutter saves Detroit Edison $3.70/100 ft. C. J. Bartholomew, Oct. 29..... *80
New construction ideas cut expansion costs—report. F. J. Kovalcik, Aug. 20 ..... *109
NAED plans counter-attack on new methods of distribution (N) July 2.. 15
Ohio Power saves on open-delta, welding transformers. R. F. Bogan, Nov. 26 ..... *101
Oklahoma City's 29-block secondary system—aerial cable affords flexibility. C. H. Wyatt, Sept. 3..... *80
Overhead service terminated in cabinet (R) Sept. 17..... *184
Pacific G&E readies Cow Palace for GOP (N) Aug. 13..... *9
Planned planting program promotes better street trees, Aug. 6..... *90
Pole-top graphics boost accuracy at Detroit Edison. Montague & Price, Nov. 12 ..... *128
Pre-assembling switches cuts outage, labor. Braid & Melton, Aug. 20...*138
Precast form and cover speed cable relocation, Aug. 20..... *124
Pre-cut reflectorized symbols give identity to transformers and street poles of Public Service of Colorado. Daggett & Hammond, Sept. 3.....*107

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Reclosers on feeders pay off. J. L. White, Nov. 26 ..... *93
S&C Electric demonstrates 'load-buster' (N) Oct. 8 59
Seattle City Light device warns of pipes in hole digging. J. F. Kelley, Oct. 1 ..... *92
Seeking good service standards at Alabama Power. Murray & St. John (charts & tables) Nov. 12 120
Service drop work made safer, easier at Appalachian Electric Power. J. S. Payne, Nov. 26 ..... *114
Summer loading analysis urgently needed as operating guide. A. M. Lockie (charts) Aug. 20 104
Tool designed to bust large currents. J. J. Mikos, Dec. 24 ..... *116
Tool eases hot-line connection to aluminum conductors at Southwestern Gas & Electric. C. E. Cook, Oct. 29. *93
Treated asbestos arc-proofs manhole
Treated asbestos arc-proofs manhole
cables, July 23 ..... *113
Tree clearance is a major obstacle to distribution service. Lockwood & Jones, Aug. 6 ..... *74
Tree-trimming operations eased by truck. C. L. Trout, Aug. 6 ..... *102
Tree trouble has many remedies (Ed) Aug. 6 61
265/460-v underground costs less than 4-kv in urban areas. H. S. Smith (tables) Aug. 20 106
2 practices aid distribution reliability at Arizona PS. R. E. Reinbold, Nov. 12 ..... *118
Using cable to connect primary conductors to transformers below secondary circuit (R) Nov. 12 ..... *146
Utah P&L builds all-electric office, July 30 ..... *48
Voltage drop calculations simplified. R. C. Hunt (table) (R) Aug. 6 98
What puts quality in your service?—report. L. M. Olmsted (charts & tables) Nov. 12 ..... *117
Wire stringing brake reduces hazards at Kansas Gas & Electric. H. J. Hrovat, Oct. 29 ..... *92

Distribution, Industrial

GE film advocates better power distribution (N) Oct. 1 140
How to avoid growing pains—Behr-Manning's electrical expansion. C. M. Hill, Aug. 6 ..... *118
Perry Knitting Co. new system—industrial generator yields to NYSEG (N) Aug. 6 120
Service connections at buildings (R) Oct. 1 ..... *96
Southern fertilizer plant's new electrical system cuts maintenance costs. C. D. Anderson, Sept. 3 ..... *130

Dixon-Yates

Dixon-Yates contract called unlawful (N) July 23 80
Senate subcommittee blasts Dixon-Yates contract (N) Aug. 20 97

E

Employee Training and Welfare (see also Labor)

Allis-Chalmers inaugurates program to train high school graduates (N) Sept. 17 275
Appalachian Electric Power's 'perpetual' training program for system operation employees. H. E. McCormack, July 30 31
Automation: key to bliss? (N) Sept. 17 129
Carolina P&L uses analyzer board to simplify heat pump course. Clifton Smith, July 26 ..... *138
Cincinnati G&E shows how to reduce foot injuries with "shoemobile", Aug. 13 ..... *26
Commonwealth Edison trains crews for tree work. A. B. Larsen, Aug. 6 *78
Connecticut L&P engineers attending "night school" to study nuclear and reactor physics (N) July 30 ..... *26
Florida P&L tax pamphlet is two-edged (N) Nov. 19 52
GE applies 'human engineering' at new distribution transformer plant, July 16 ..... *16
Manpower expansion needs planning, too (Ed) Oct. 1 47
Mobile clinic checks TVA's health, Sept. 10 ..... *20
Montana Power's incentive for executives: the stock option. Oct. 29 166
Preparing today for tomorrow's personnel problems—report
9 problems to be solved. C. B. Boulet, Oct. 1 60
Preparing the employee. H. L. Bowen. Oct. 1 ..... *62
Preparing the supervisor. S. L. Leahy. Oct. 1 ..... *67
Preparing the labor organization. E. J. Thimme, Oct. 1 ..... *72
Preparing the industrial relations organization. F. L. Larkin, Oct. 1. *76
Committee is on the job. J. C. Arnell. Oct. 1 ..... *81
